

## Quinte Woodland Conference We are looking for Exhibitors!

Greetings,

The Quinte Woodland Conference is the resumption of 30 years of the Trenton Woodlot Conference. **This year's 31<sup>st</sup> conference is on Thursday, October 2, 2025 at Maranatha Church, 100 College Street West in Belleville. This year's theme is *Tending our Woodlands: The Rewards of Action*.**

Our new venue is a large, beautiful space with plenty of room for exhibits and vendor displays (see the attached photos). The large exhibitors' area is a central focus of the conference, so you can feature conservation initiatives in your communities, as well as your relevant products and services. There will also be space for an outdoor display, with time for a demo at noon.

Expect great attendance. We usually host about 200 rural landowners, foresters, conservationists, and naturalists, from Hastings, Northumberland, Prince Edward and Lennox & Addington Counties. We updated the name to Woodland Conference to better reflect our definition of woodlot (which includes all woodlands, wetlands and forest-forming habitats.)

There will be stimulating speakers in the morning and afternoon, and an optional field trip to [Potter's Creek South Conservation Area](#) in the afternoon. A hot lunch with locally sourced food will be served, extending our sustainable practices from forest to table.

**Non-Profit Exhibitors = \$ 55.00 - includes a table and lunch for one.**

**For Profit Exhibitors = \$75.00 – includes a table and lunch for one.**

A portion of the proceeds will be donated to the Laurie Gashinski Outdoor Education Fund operated by Quinte Conservation.

If you would like to attend as an exhibitor and support our efforts to preserve and enhance woodlands, please contact Marianne or Greg below. Thank you for your consideration.
